DEVELOPMENT AND REVERSE ENGINEERING PROCESS

As a manufacturer, we work with our teams mapping and scanning customer requests and thanks to reverse engineering we control the full process developing our own:

- ✓ Extrusion mouldings
- ✓ Camera bracket developments for ARG
- ✓ Bracket verification templates
- ✓ Glass manufacturers quality test

DEVELOPMENT AND REVERSE ENGINEERING PROCESS

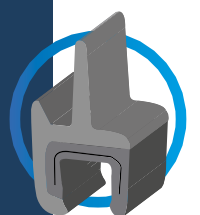

New development reverse engineering with our customers starting with 2D to 3D models

New products and old product requests (e.g Classic Cars)

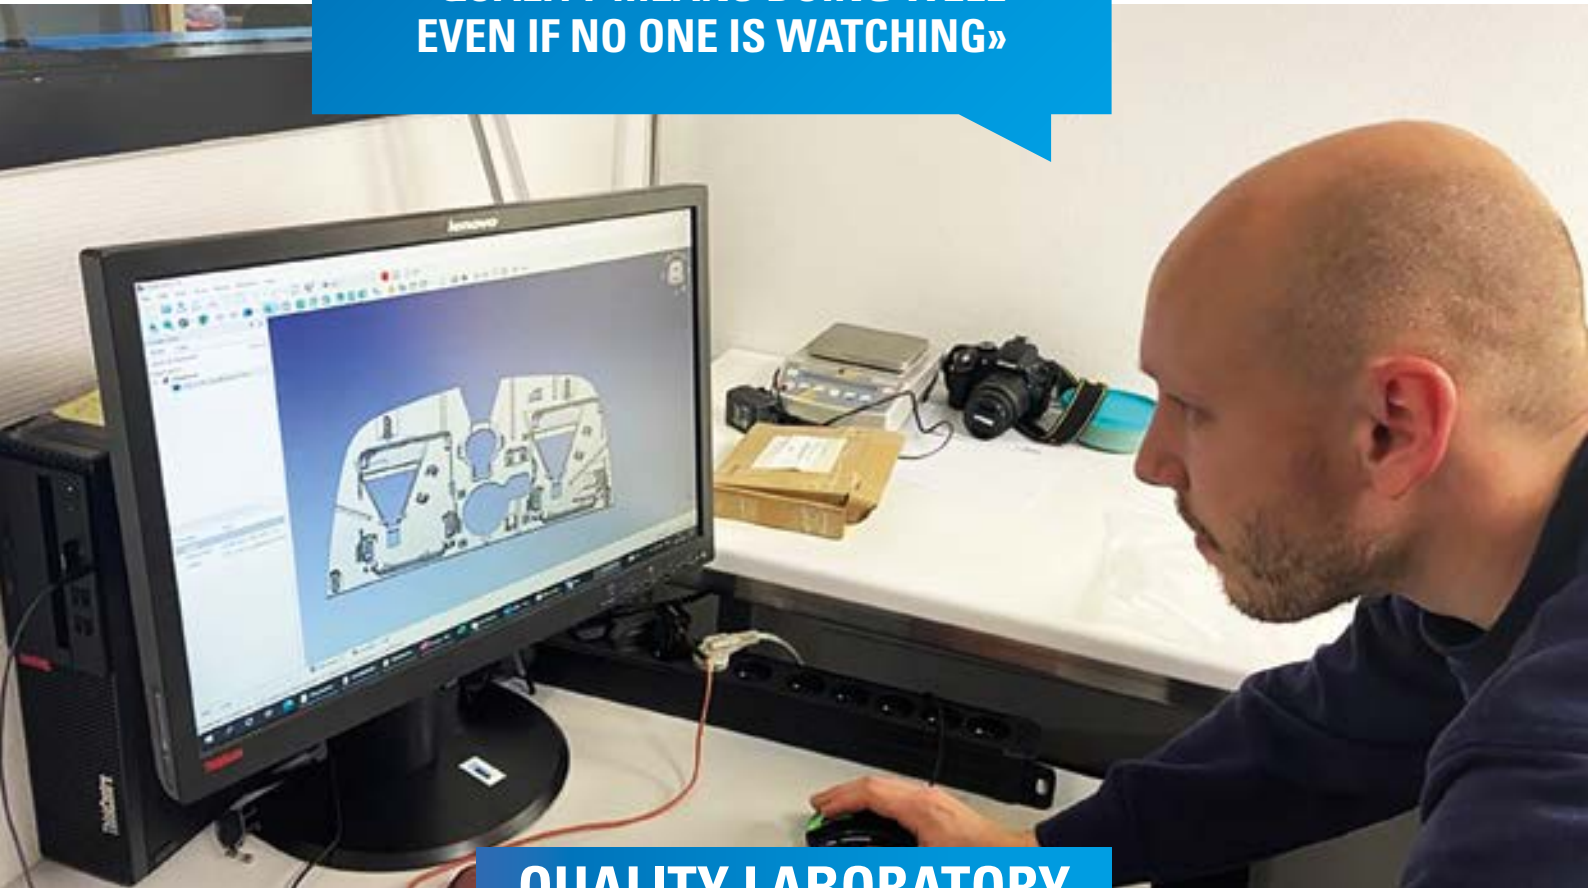

Better solution innovations to improve the WS fitting «Easy-fit range models»
Ref: 6084ASMR7G / 6084ASMR8G

«QUALITY MEANS DOING WELL
EVEN IF NO ONE IS WATCHING»

QUALITY LABORATORY REAL LIFE TESTING

We have our own quality laboratory in Belgium

We also buy OE sample windcreens to test the correct fitting

And thanks to our fitting station we test our products in real-life conditions

«TRACEABILITY MAKES IT POSSIBLE TO BETTER ORGANIZE THE TRANSPORT OF GOODS ACROSS THE ENTIRE SUPPLY CHAIN»

WAREHOUSE MANAGEMENT SYSTEM

SHIPPER, CARRIER AND END CUSTOMER ALL BENEFIT FROM MORE TRACEABILITY

Specially developed software system that controls our warehouse and could be connected to yours (EDI).

On-line control on the level of preparation of your orders.

Fully automated order picking system and unique barcode per product.

Efficient logistical system enabling traceability of any delivered product.

CLIPS FOR WINDSCREENS

There are many clips meeting the characteristics of each brand and model. This is why we at XXX strive to offer you a comprehensive range of the best quality clips to meet your needs as best as possible.

GLASS HOLDERS

Hand-pump vacuum suction lifters & heavy-duty double cup sheet metal handling tools

CAMPING VAN CONVERSION PARTS

THE VANSHADES ORIGINAL WINDOW POD®

A tasteful alternative to curtains, Window Pod® achieves a flawless modern finish to your custom interior, whilst offering blackout and thermal qualities. With blackout cellular thermal fabric, our easy to install Window Pod® system is suitable for use at conversion stage, or to retro fit existing conversions.

STEPS AND THRESHOLD COVERS

We have in our range, for the VW T5 and T6, side sliding door steps (extra high, with and without light) and extra wide extra deep rear threshold steps with plugs.

DOOR SEALS AND BOOT SEAL

We have in our range, for the VW T5 and T6, edge trims in various widths for the installation of the side and rear windows. Door seals, boot seals and pop-top roof seal on roll of 50 m.

SENSOR GEL PADS

SUPER SOFT

FLEXIBLE SILICON PAD FOR SENSOR

- ✓ Transparency at the level of clear glass
100% transparent
- ✓ Very soft
- ✓ Easy to install
- ✓ Air bubbles escape almost immediately

SENSORS & ADHESIVES

Our rain and light sensors, of OE quality, are suitable for most makes and models driving on European roads. Indeed, we at XXX take pride in supplying you with the largest variety of sensors so that you can find your preference among our references!
